can be fitted horizontally as well as vertically. please specify at time of order as different brackets are required

- all above sizes usually in stock. many more sizes available. from 500mm to 2200mm high and up to 770mm wide. single and double versions. please allow approximately 4 weeks
- other colours also available, please ask for details
- distance from wall to front face: 100mm
- if vertical fitting: side valve connections, so add an extra 150mm to the width of the radiator to allow for valves
- if horizontal fitting: underside valve connections
- approximate pipe centres can be provided if you wish to install your pipework in advance of receiving your radiator. radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied)
- to complete the look see our valves page (valves are not included as standard)
- nationwide delivery available
- to order or for further information, please call or email
- all sales are subject to our standard terms and conditions a copy of which is available on request

the above prices are exclusive of VAT
